PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

This partially walled, partially fenced barracks area is located in the city of Volgograd. It covers approximately 50 acres and contains 35 buildings, including 5 multistory barracks, 2 probable barracks/administration buildings, 2 administration buildings, 6 storage buildings, 5 vehicle storage/maintenance buildings, 2 vehicle maintenance buildings, 12 support buildings, and a security building. Probable vehicles are

parked in open areas throughout the installation. [] TALENT and [] KEYHOLE missions between [] covered the area. A comparison of the photography revealed no significant change and a constant level of activity, with the exception of [] when the area contained a larger number of vehicles than usual.

DESCRIPTION OF INSTALLATION

Railroad Service

A double-track railroad, running generally north-south through Volgograd, comes within 1 kilometer of the installation.

Road Service

The installation has access to city streets.

Aircraft Landing Strips

The Volgograd/Gumrak Airfield is approximately 12 km to the northwest.

Administrative and Troop Housing Facilities

The installation contains 5 multistory barracks, 2 probable barracks/administration

buildings, 2 multistory administration buildings, and 6 storage buildings.

Equipment Storage/Maintenance Facilities

The installation contains 5 vehicle storage/maintenance buildings, one 400 by 60 feet, one 250 by 35 feet, one 225 by 55 feet, one 200 by 55 feet, and one 250 by 55 feet, two 160-by 50-foot vehicle maintenance buildings, 12 support buildings and a security building. Vehicle sheds and possible vehicles are scattered throughout the area. Two rows of approximately 20 vehicles are observed.
